Group

Here's what we do

At Smartgroup, we partner with Australian employers to simplify salary packaging, novated leasing and fleet management.

With our comprehensive offering, we'll develop a program that delivers to your organisational goals; while our dedicated customer support teams will ensure your people are engaged with the program, and are making the most of the benefits on offer.

Salary packaging

More than 385,000 customers nationwide trust Smartgroup to manage their salary packaging arrangements, from salary packaging cars to everyday living expenses. And as an employer, we offer you the choice of fully-managed or in-house solutions.

Novated leasing

Our competitive vehicle pricing, extensive repairer network and fast, paperless processes make this employee benefit a popular one. We can help you take advantage of the Federal Government's extensive incentives for electric vehicle (EV) purchases through a novated lease or managed fleet arrangement. In addition, we've streamlined the processing for your payroll team, and offer both tied-to-payroll and invoice solutions.

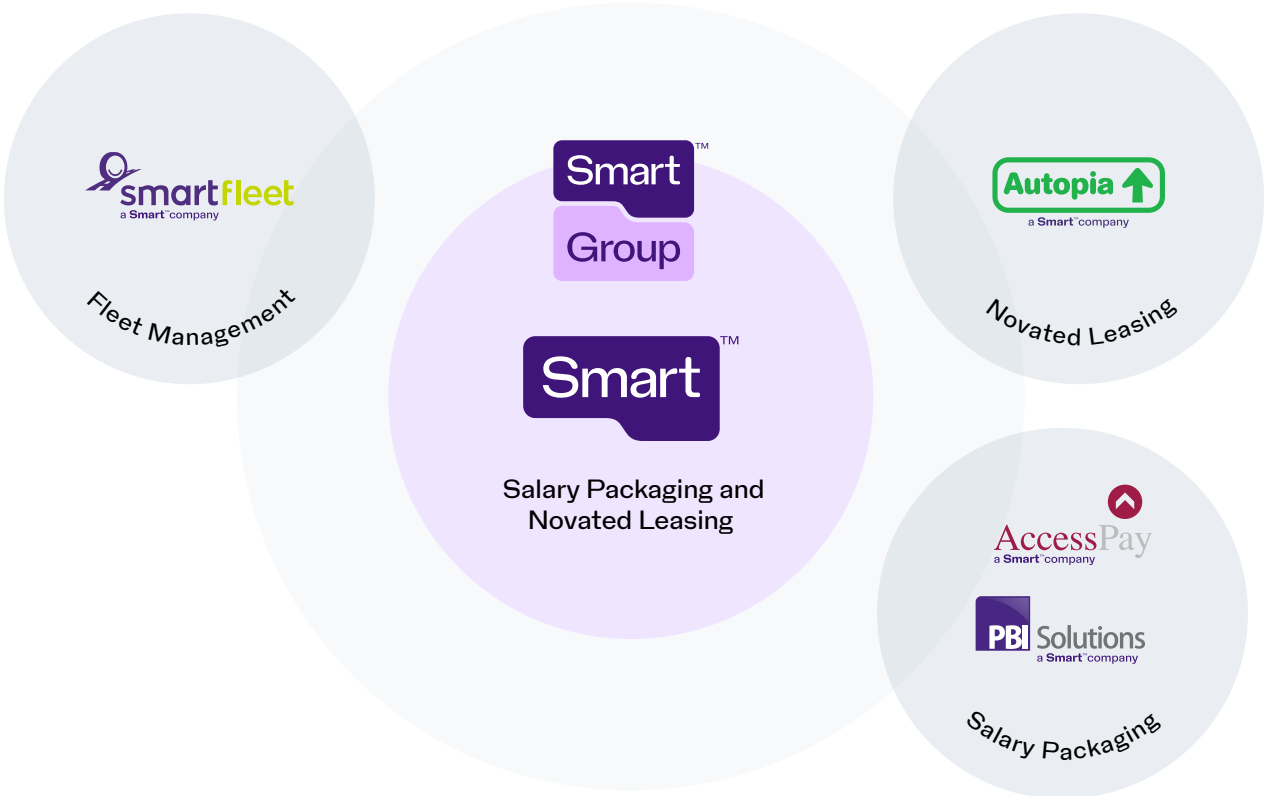

Fleet management

Discover a new level of flexibility in fleet services and vehicle finance. Smartfleet provides award-winning, customisable fleet management that can help you drive fleet efficiency and could save your organisation time and money and can help you enhance driver and vehicle safety.
