Access our expertise

Smartsalary Payroll Solutions specialises in the handling of complex and unique employment arrangements, and simplifying processes for senior executive payroll and intricate, award-based and industry conditions.

That means when you partner with Smartsalary Payroll Solutions, you're accessing a breadth of tried and tested services and process improvements, developed over more than 40 years of collective team experience, that can help you save cost and effort on each pay slip, every pay period.

Tailor your solution

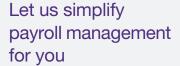

When it comes to payroll, unsupported 'off-the-shelf' products often cannot address the unique and changing needs of complex organisations.

With Smartsalary Payroll Solutions support is part of the service. We will conduct an in-depth review of current payroll processes and identify opportunities for process improvement and cost efficiencies. We'll then tailor your payroll administration service with customised implementation support and a fully managed payroll service.

The consequences associated with incorrect award applications can be significant. Smartsalary Payroll Solutions ensures you stay on top of ever-changing legislation and regulation, and takes the pressure off your in-house staff.

Our smart software accurately and automatically interprets highly complex award entitlements, and is always up-to-date with the relevant Australian legislation to ensure your organisation's compliance.
